MEMORANDUM

DATE: August 9, 2024
ATTENTION: All Authorities Having Jurisdiction
[AHJs]
FROM: **MISSION SOLAR ENERGY, LLC.**
Commercial Department
Lance Wilson, Senior Director of Marketing and Commercial Operations
214.957.7727
LWilson@missionsolar.com
SUBJECT: Landscape & Portrait Orientation Installation for 'SX' Series
ATTACHMENTS: N/A
RESPONSE REQUESTED: N/A

To Whom it May Concern:

Mission Solar Energy has performed a separate worst-case-scenario mechanical testing of our largest module for the 'SX' (M6 cell size) product line in landscape orientation at 2400Pa. It is confirmed that all 'SX' modules (SX6W, SX6Z, SX6Z, SX5T, SX5K, SX5R, SX9W, SX9Z, SX9T, SX9K & SX9R) can be safely and reliably installed in landscape and portrait orientation, which will not specifically void the module's warranty.

I may be reached directly at 214.957.7727 or LWilson@missionsolar.com to address questions or concerns.

Thank you,

Lance Wilson
Senior Director of Marketing and Commercial Operations
214.957.7727
