

ARRA Compliant Manufacturer's Certification

Made in the USA

Mission Solar Photovoltaic Solar Panels: MSX10435HNOB

Mission Solar certifies that our photovoltaic modules are compliant with the **Buy American Act** and the **American Recovery and Reinvestment Act of 2009**. Our modules are produced in the USA.

We hereby declare and certified that our modules:

- Meet the Federal Trade Commission (FTC) requirements to apply the **“Made in USA”** label to our modules.
- Meet the provisions of the **Buy American Act** and the **American Recovery and Reinvestment Act of 2009**.
- Meet the UL 1703 (Underwriters Laboratories) requirements and regulations.
- Manufacturer of UL certified components.
- Manufactured at our ISO 9001:2008 certified factory.
- Qualify as photovoltaic devices which generate electricity from the use of solar energy.

This certification hereby certifies that Mission Solar's photovoltaic modules are compliant with all applicable provisions of the **American Recovery and Reinvestment Act of 2009**.
